cycling escapes 2021

road, gravel & mountain bike

This season we are excited to offer road cycling, gravel biking and mountain bike escapes of 4 nights and 7 nights or longer, from January through to December.

We run scheduled road cycling trips at 3 levels of difficulty: Easy Rider, Regular Rider and Climbers. Individuals or small groups can book onto these.

If our scheduled dates or packages don't work for you, we can provide custom trips with options tailored to your requirements; including guiding, bike hire, airport transfers and post-ride meals on any available dates. Just ask us!

We are based in the town of Ontinyent, in the Valencia region just one hour away from both Valencia and Alicante airports. The town is 1.5km from Finca Casa Sanz.

Guests from the US & Canada fly into Madrid for an onward car / plane transfer.

Ride where the Pros choose to ride, with the very best routes, mountains and national parks that the region has to offer, right on our doorstep.
